

We are currently seeking motivated Designers with excellent computer and graphic design skills to join our architecture design team, in both San Diego and San Francisco.

Candidates should possess the following skills and experience:

- Bachelor degree in Architecture (for Design Assistant Role), or current Architecture Major (for Intern Role)
- Interest in sustainability, planning, and the built environment
- Excellent organizational capabilities
- Professional communication skills (written and spoken)
- Ability to work well in a deadline intensive environment
- Excellent design and graphic skills
- Ability to take direction and learn quickly
- Experience in Revit, AutoCAD, SketchUp, Adobe Creative Suite programs (Photoshop and InDesign), and / or MS Office is a plus
- Past internship experience at an Architecture Firm is a plus

Candidate responsibilities include the following:

- Development of 3D Renderings
- Design exhibits
- Presentation preparation and organization
- Development and coordination of Site Planning and Colored Elevations
- Assisting senior staff in color and materials board preparations
- Maintaining and updating the materials library
- Maintaining graphic and branding standards in design content
- Work under the collaborative direction of Project Architect, Project Manager, and Senior Designer to develop design concepts that respond to Firm and Client objectives
- Development and preparation of Construction Documents
- Prepare 3D models of proposed designs utilizing presentation modeling and/or BIM software

SGPA offers a comprehensive benefits package, including support for NCARB's Architectural Experience Program® (AXP®) and Architectural Licensure. Talented candidates will have opportunities for career advancement through the firm's mentorship and associates programs. Please submit cover letter, resume, and web link to your portfolio (less than 10MB total) in PDF format to SGPA Human Resources at JobsSF@sgpa.com. No phone calls, please.
